

## Consumption's Positive Cure.

American Bureau Accomplishing in This Country What Prof. Hoff Does in Vienna.

Professor Adolph Hoff of Vienna has triumphed. In the year to which wireless telegraphy, the successful submarine boat, and other inventions are credited which are to revolutionize many features of life, Professor Hoff takes rank as leader. His is the discovery which means the saving of lives—perhaps the life of the support of the family.

For centuries Consumption has been regarded as incurable and a social blight has been placed on the unfortunate as soon as they were known to be suffering. They were regarded with chagrin and with fear—instead of pity, but recent teachings by scientists in the medical world prove that the disease is both preventable and curable, and that it is not inherited, but contracted. This cures more readily if the body has been undernourished by a cough or a persistent cold.

No war has ever devastated a population as have the ravages of consumption. More people die from this disease than from all other known diseases combined. Is it to be wondered that when a cure is effected in a community where the victim was looked upon as doomed that the news spreads like wildfire and that Professor Hoff's Prescription is given the credit it deserves? The Vienna Professor is virtually saving as many lives as though he averted the most cruel war ever waged.

Hundreds and thousands of lives have been saved by following the simple precepts of Professor Adolph Hoff.

Since the return of Frederick Hammann, the New York consumptive sent to Vienna as a test case by the New York American and Journal, his positive cure has led to the establishment of an American Bureau for the distribution of the properly compounded prescription and for the sending out, free of cost, rules and regulations for the benefit of the sufferer and for the protection of those who are in contact with the consumptive patient.

Some physicians and some scientists of international reputation, had they made the discovery which fell to Professor Hoff's lot, would have kept the priceless prescription and built up an immense fortune. Instead of this grasping course, Professor Hoff maintained that the discovery belonged to humanity—that the poor as well as the rich were entitled to escape from the ravages of tuberculosis, and for this reason the American Bureau was established at Third avenue and Tenth street, New York, where the prescription specially compounded by qualified chemists may be obtained for the value of the drugs and the work of compounding. Instead of charging \$10 to \$100, only one dollar is charged.

For the convenience of people remote from New York, the well and favorably known firms of Raboteau & Co., 700 North Broadway; Johnson Bros., Broadway and Franklin avenue; and Lindell Drug Company, Sixth and Washington avenue, have been selected to supply the remedy. The triangular trademark of the American Bureau of Professor Hoff's Cure for Consumption must be on the label—and this is the guarantee to the purchaser that it is the exact prescription used by Professor Hoff at Vienna and that it is the medicine that has brought about results here quoted:

Last August had one lucky day for this man, and now he speaks of a cure.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Gentlemen—Although you have never asked me for a testimonial, still I find it my duty to let those who suffer from lung trouble know what the Hoff Cure has done for me. I had lung trouble ever since spring, 1899. In 1901 I had myself examined by a very prominent doctor, who at that time told me that there was a place missing from my right lung, and that I had tuberculosis. He told me to make my bed and die. I had been told that I had tuberculosis, but I never believed it. I have used almost every \$10.00-month cure you see advertised in the papers, some doing me a little better, others no good at all. I have finally compelled me to give them up, and, luckily, one day in August, last year, I saw an article on "The Hoff Cure." I ordered a bottle at once, and have used it ever since. I do not want to say that I am cured, but I have no more trouble, and I have never had a cough since five years ago. I do now, and attribute my improvement of health mostly to the Hoff Cure.

Everybody who has lung trouble will do well to write for your booklet, which tells you all and the cure only costs \$1.00 per month.

I remain your grateful patient, CHAS. TUBER, Box 42, West P. O., Ia.

In this twentieth century miracles are not common. Read this: American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Gentlemen—Please let me relate to you what your wonderful cure has done for me. I first saw the announcement in the New York Journal, and I had the greatest confidence in the remedy. I was in a very bad condition at that time, with my lungs, so I sent to you and purchased one bottle of Prof. Hoff's Cure for Consumption. It is a miracle what the medicine did for me. Before I finished the first bottle I felt like a new person, and when I had taken two bottles I stopped for a while. I am cured. Now, the most remarkable case is to relate what I have experienced. One of my sisters was stricken with this awful disease, and last fall she had to give up and took to her bed. The best physician in this town attended her and she just kept getting weaker. He said she could not live much longer, so I called to see her and told her to try the Hoff Cure on her and she discontinued the doctor's visits. This she consented to, and before she had used one bottle she was able to walk all through the house, and now she is much stouter than she has been for two years, and is still taking the Hoff Cure.

My husband and I are thankful to you for saving her life. As we purchase all of the Hoff Cure from you, I would be glad if you could send me at least half dozen of your booklets, as I have so many calls for them, and have given all my booklets. Very respectfully, MRS. N. M. VARNER, 19 S. Wash St., Staunton, Va.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Professor Hoff's directions by the American Bureau at Third Avenue and Tenth street, New York. For the convenience of people remote from New York, the well and favorably known firms of Raboteau & Co., 700 North Broadway; Johnson Bros., Broadway and Franklin avenue; and Lindell Drug Company, Sixth and Washington avenue, have been selected to supply the remedy at \$1 per bottle, which is exactly the price charged by the American Bureau.

The triangular trademark of the American Bureau of Professor Hoff's Cure must be on the label, and this is the guarantee to the purchaser that it is the exact prescription used by Professor Hoff at Vienna.

A sixty-four-page book, containing complete descriptive treatise on the Professor Hoff Cure, and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at the well-known drugists just named.

IMPORTANT—Other Hoff cures not bearing this triangular trade mark are not the authentic preparation authorized by the American Bureau. You can obtain the genuine Hoff Cure at most drug stores. The great body of honest druggists do not stoop to substitution by selling something "just as good," that means more profit to them. The genuine Hoff Cure can always be procured of the well-known druggists just named.

RABOTEAU & CO., 700 N. Broadway.

JOHNSON BROS., Broadway and Franklin Ave.

LINDELL DRUG CO., Sixth and Washington Ave.

NECKLACE WORTH \$8,000.

New York Police Force Looking for Mrs. Martin's Pearls.

REPUBLIC SPECIAL. New York, Oct. 31.—Mrs. F. W. Martin, a wealthy Chicago woman, who has recently been a guest at the Holland House, is, the police declare, the owner of the missing valuable pearl necklace for which, at the request of the Pinkerton Detective Agency, city detectives began a hunt of the pawn shops this afternoon. Upon the receipt of the report of the disappearance of the necklace at police headquarters a notice was sent to every pawnshop and jeweler to notify the detective bureau in case the gems were offered for acceptance.

Mrs. Martin was at the Holland House about two weeks, left there on October 14, and in departing discovered the loss of the necklace, said to be worth \$8,000, and composed of 101 perfectly matched pearls. The police of all cities east of Chicago have been asked to look for it.

WAR DEPARTMENT MERCIFUL.

Recommend Pardon of Murderer Who Escaped 40 Years Ago.

REPUBLIC SPECIAL. Washington, Oct. 31.—The War Department this week performed an unusual act of mercy. Through its intercession and recommendation the President has pardoned a military prisoner who committed murder more than forty years ago. He was imprisoned for life, but escaped, and has since led a respectable life in Tennessee, raised a family, and is held in esteem by the community wherein he resides, despite the fact that his past history seemed to be a barrier to his pardon.

A short time ago the attention of the department was directed to the case, and action had to be taken. The department withholds the name of the man, on account of his present good standing.

Street-Car Men's Demands Refused.

Chicago, Oct. 31.—The Chicago City Railway Company, through its president, D. G. Hamilton, to-day refused to grant any of the concessions demanded by the players' union. These demands were made several weeks ago, and were for a 25 percent increase in wages, a strike of 2,500 employees is now almost inevitable.

FREE TO EVERYONE.

Read and Learn How You May Prove It.

The question of why one man succeeds and another fails is a problem that has puzzled philosophers for centuries. One man attains riches and power, and another who started with seemingly the same and better opportunities, exists in poverty and obscurity. No man can succeed who is suffering from an irritating and nerve-racking disease and the man who has the qualities of success within him would be quick to recognize this fact and seize the best remedy to eradicate the trouble.

A person afflicted with a serious case of hemorrhoids or piles, is handicapped in his race for power and advancement. It is impossible to concentrate the mental energy when this disease is sapping the vital forces. To show how easily this disease can be cured, we will publish a letter from a prominent Indiana man:

"When I received the former letter and booklet on Piles, I was in a critical condition. Ulcers to the number of seven had formed on the inside of the rectum, causing me a great deal of trouble. To show how easily this disease can be cured, I will publish a letter from a prominent Indiana man:
